.....• pursuing the excellence

XLAB SOLUTIONS

We are X-Lab Solutions

The story begins in 1992 when "a few good men" have founded a service organization for laboratory and blood gas instruments in Transilvania.

At first, X-Lab Solutions' activity focused on maintenance and repairs. Along the way, the development of turnkey medical projects and providing lab supplies, have become priorities.

Today, the main focus is on providing after-sales services for medical equipment and projects (installation, commissioning, training, application support, service, maintenance).

X-Lab Solutions achievements:

- OVER 110 equipped hospitals and the associated services delivered, all over Europe
- Over 120 private laboratories equipped with diagnostic systems and serviced
- Over 170 private healthcare institutions equipped with medical devices and accessories

The pillars of X-Lab Solutions

POC
Point of Care

About •

Urine strip readers LAURA & LAURA Smart

- Efficient, powerful and compact solutions for routine chemical urinalysis
- Semi-automated technology
- Facilitate the samples processing and contribute to correct diagnosis of the patients

Specifications:

LAURA

Power source: AC 90 – 230 V/50 – 60 Hz
Power consumption: 45 W max./6 W in standby mode
Temperature: 20 – 25 °C
Relative humidity: 20 – 80 %
Weight: 5 kg including the adaptor
Dimensions: 430 x 290 x 170 mm

LAURA Smart

Power source: Normal mode: 9 V DC switch adapter,
AC 90 – 230 V/50 – 60 Hz
Portable mode: 6 x 1.5 V (type AA) batteries
Power consumption: 20 W max./1 W standby mode
Temperature: 20 – 25 °C
Relative humidity: 20 – 80 %
Weight: 0.8 kg without adapter, battery and paper roll
Dimensions: 230 x 127 x 110 mm
