.....• pursuing the excellence

XLAB SOLUTIONS

We are X-Lab Solutions

The story begins in 1992 when "a few good men" have founded a service organization for laboratory and blood gas instruments in Transilvania.

At first, X-Lab Solutions' activity focused on maintenance and repairs. Along the way, the development of turnkey medical projects and providing lab supplies, have become priorities.

Today, the main focus is on providing after-sales services for medical equipment and projects (installation, commissioning, training, application support, service, maintenance).

X-Lab Solutions achievements:

- OVER 110 equipped hospitals and the associated services delivered, all over Europe
- Over 120 private laboratories equipped with diagnostic systems and serviced
- Over 170 private healthcare institutions equipped with medical devices and accessories

The pillars of X-Lab Solutions

POC
Point of Care

W'sHC
In Vitro Fertilisation
& Medical Devices

SP
Special Projects

Point of Care brings important benefits for patients and the medical team: it improves their experience through accurate results, reduced waiting time and increased availability.

Point of Care easily fulfills its mission of providing patient safety right at the bedside.

XLAB SOLUTIONS

Point Of Care products

Blood gas and
electrolyte analyzers

Cardiac markers
analyzers, sepsis,
pregnancy, coagulation

Transcutaneous
monitors

LARYNGOSCOPES

- An intelligent, IP-based nurse call solution for hospitals, nursing homes and home care
- Ideal to automate the processes, to efficiently organise your care documentation and to receive information on current events with a mouse click
- Touch terminals can receive data via WLAN and room buttons can be equipped with wireless transmitters

Advantages •

NurseCare

- IP nurse call system
- Health-care documentation with integration to hospital information system
- Patient entertainment system
- NursePhone with smart mobile application
- InfoTab information terminal
- Alarm-management system

NurseTab Touch-Terminal

Specifications:

Touch screen	● 9"
Display diagonal	● 225 mm
CPU	● 1.2 GHz
	● TCP/IP
	● LAN Port 100 Mbit/s
	● WiFi 802.11 b/g/n
	● Integrated loudspeaker
	● Integrated microphone
Voltage	● 24 V DC
Max. current consumption	● 400 mA
Dimensions	● 235 x 180 x 30 mm
Weight	● 687 g
Color	● White, similar to RAL9010
Material	● PC ABS
